- *LONG DISTANCE TRANSPORT*
- *OVERNIGHT STAYS*
- *VIOLENT, ESCAPE RISK, SUICIDAL, ETC..*

ADVANCED ESCORT

Plan development

Prior to escorting any high-risk prisoners or prisoners over long distances to include overnight stays, a plan must be in place.

ADVANCED ESCORT

Plan development (cont.)

Five-paragraph Operation Order

- **Situation**
- **Mission**
- **Execution**
- **Administration and Logistics**
- **Command and signal**

ADVANCED ESCORT

1) Situation

- **Prisoner**- Consists of the composition, disposition, location, movement, capabilities, behavior and attitude of high-risk prisoners.
- **Law enforcement agencies**- support from affected law enforcement agencies and/or airport security to identify their support that may impact the movement. Pre-notify all primary agencies along the route.
- **Escort guards**- Guards attached to or detached from the confining facility.

ADVANCED ESCORT

2) Mission

- **A clear concise statement of the task.**

ADVANCED ESCORT

3) Execution

- **Concept of Operations**- The concept of operation is the Escort team leader's brief summary of the movement plan.
- **Subordinate Tasks (missions)**- In each succeeding paragraph, missions are assigned to each prisoner escort.
- **Coordinating Instructions**- In the last paragraph, instructions that apply to two or more law enforcement agencies (to include airport security, local, state, and county law enforcement agencies, federal law enforcement agencies and other confinement facilities at a

ADVANCED ESCORT

5) Command and signal

Special instructions on communications, including prearranged signals, duress words, radio call signs and frequencies, emergency signals, radio procedures, and restrictions to the use of communications.

- Location of the escorts.
- Location of law enforcement agencies.
- Location of military bases/correctional facilities.
- Location of various civilian correctional facilities.
- Basic SOP's: Escape, medical emergency, vehicle breakdown/accident, alternate routes, danger areas, hostages.

ADVANCED ESCORT

Plan development (cont.)

Alternate plan

As an *alternative* to the five-paragraph order coordinate with your administrative section and obtain an acceptable plan outline to be used for the escort of high-risk prisoners. However, be sure that all information is covered in your plan.

ADVANCED ESCORT

Plan Approval

- **All completed plans are forwarded through the chain of command and final approval remains with brig Commanding Officer/ Officer in Charge.**
- **The Plan is then briefed to all prisoner escorts**

ADVANCED ESCORT

Prisoner Risk Assessment

- **There is increasing recognition of the importance of conducting pre-movement risk assessment, particularly, in cases of prisoner transfers. Such procedures are essential to ensuring the safety and well being of both prisoners and staff.**
- **The main purpose of the pre-movement risk assessment is to ensure that whenever a prisoner is moved between locations, those escorting and receiving the prisoner are provided with all necessary information about them, particularly in relation to any risks or**

ADVANCED ESCORT

Documenting the movement

The escorts should document key events such as departures, arrivals and hand-over of responsibility. It should also include any notable incidents and any new information arising in relation to the prisoner. The time of meals given or offered during escort should be recorded, as should any refusal and the reason for it.

ADVANCED ESCORT

Identify prisoner risk categories:

- Medical
- Security
- Other.

ADVANCED ESCORT

Medical

- Where the escort is aware that there may be medical risks, consultation with relevant medical, psychiatric or health care staff is appropriate. Communicable and Blood Borne diseases should be noted to safeguard escorts and others.
- Where medication has been prescribed and issued by a medical officer, the escort must be fully informed as to its administration or whether specific instructions for medical personnel have been provided. Prisoner Escort will maintain control of all medication, and is limited to administering oral medication only.

ADVANCED ESCORT

- **Any special needs must be ascertained. There is the potential that the prisoner has a disability or has special transport or care requirements due to medical treatment or an ongoing medical condition that may affect the safety of the prisoner or escorting staff.**
- **Clear details of the specific condition applicable will be particularly helpful for those escorting and/or receiving the prisoner.**

ADVANCED ESCORT

- **Prisoners in patient status will normally be transferred by aero-medical evacuation. Two or more escorts will accompany each maximum custody prisoner patient.**
- **Prisoners determined to be psychotic will normally be moved in a patient status. When aero-medical evacuation is not available, psychotic prisoners may be moved as a *maximum custody* prisoner with four escorts assigned to each prisoner.**

ADVANCED ESCORT

- **Prisoners under medication shall have their medication reviewed and prescribed by qualified medical personnel before transfer.**
- **The medication with written directions as to time and quantity of dosage (sufficient for the trip length plus 24 hours after arrival at destination) shall be given to the prisoner escort. The escort will supply the prisoner with medication in accordance with medical directions.**

ADVANCED ESCORT

Deaths

- **Isolate the area.**
- **Should a prisoner die in transit, immediately notify the driver or pilot.**
- **Request medical assistance.**
- **Notify the releasing and receiving commands immediately.**
- **Notify the nearest available law enforcement agency.**
- **Commands will notify the Chief of Naval Personnel (PERS-68).**

ADVANCED ESCORT

Allow *no* procedure performed on the corpse without approval of Chief of Naval Personnel.

Document the complete event.

ADVANCED ESCORT

Security Risk Factors

- Violence- Does the prisoner have a history of violent behavior or has recently committed an assault?
- Concealed Weapons- Does the prisoner have a history of concealing/manufacturing weapons?

- **Vulnerability may derive from the general nature or specific circumstances of the offense in relation to which they are being held. The attitude of associates or co-defendants may also be relevant.**
- **Force/restraint used- Has force, restraints, or chemical agents been used in the past?**

ADVANCED ESCORT

Receipt for property Funds and valuables

Property will normally be transported in sealed bags or containers with the seal numbers recorded.

Each sealed bag/container should be receipted for on departure and on arrival at the final destination. Sealed bags/containers should be carefully safeguarded on departure and arrival.

ADVANCED ESCORT

The senior escort should sign to indicate receipt of the prisoner property and cash at the point of departure. The person finally accepting the prisoner at the final destination will sign to indicate receipt of the prisoner and of recorded property and cash from the escorting staff.

ADVANCED ESCORT

Prisoner Records

Prisoner medical, dental, and confinement records will accompany the prisoner on any trip resulting in permanent transfer.

ADVANCED ESCORT

Special considerations for custody grades

When transporting prisoners, custody classification will be determined by the highest custody prisoner.

EG: 5 minimum and one medium-in, all prisoners will be treated as medium-in.

ADVANCED ESCORT

Maximum Custody

- **Maximum custody prisoners may not be mixed with medium or minimum custody prisoners.**
- **Only one maximum custody prisoner will be moved at one time during a high-risk movement using belly chains and hand/leg-irons.**

In some cases, with the approval of the Commanding Officer, one Prisoner Escort will be designated to carry a weapon.

ADVANCED ESCORT

- **Use security/caged type vehicles if available.**
- **Personal vehicles are not authorized for transport of prisoners.**
- **Prisoners will not be handcuffed to a vehicle.**

- **If the prisoner is high-risk/dangerous, the unarmed escort will sit in the back of the vehicle with the prisoner and the armed escort will sit in the front passenger seat (caged or non-caged).**
- **All other procedures of the basic escort course apply.**

ADVANCED ESCORT

Two vehicles

- In this case the *first* vehicle will be designated as the prisoner transport vehicle. This vehicle is also considered to be the lead vehicle.
- The driver of the lead vehicle must have complete knowledge of the route of travel and rest stops. He/she will not deviate from the approved movement plan.
- The total number and custody classifications of the prisoners will mandate how many prisoner escorts will be in that vehicle.

ADVANCED ESCORT

- **Custody classification of prisoners mandates whether the prisoner escorts are armed or unarmed.**
- **The second vehicle is considered the chase vehicle. This vehicle will contain all equipment necessary to support the actions of the prisoner escorts in the lead vehicle.**

ADVANCED ESCORT

Convoy of three or more vehicles

- **All escorts and drivers will be briefed on the plan.**
- **All escorts will know the exact same directions and rest stops as the prisoner transport vehicle driver.**

The request for a reserved waiting area is made to the airline representative, station manager, or airport security. Avoid the use of public restrooms if possible.**

As an escort, one of the most important things you can do to enhance security during a layover is to keep the prisoner(s) out of public eye

Basic Escort Use of Force

ADVANCED ESCORT

Definitions :

- **Force** – To compel through pressure or necessity; to move against resistance
- **Minimum Force** – The least amount of force used to control a situation

ADVANCED ESCORT

Definitions :

- **Deadly Force** – Force which a person uses with the purpose of causing or which he/she knows would create a substantial risk of causing death or serious harm

ADVANCED ESCORT

When to Use Deadly Force

Deadly force is justified only under conditions of extreme necessity and when all three of the following circumstances are present:

ADVANCED ESCORT

When to Use Deadly Force cont.

- Lesser means have been exhausted, are unavailable, or cannot be reasonably employed
- The risk of death or serious bodily harm to innocent persons is not significantly increased by use
- Or in any of these situations:

ADVANCED ESCORT

When to Use Deadly Force cont.

Self Defense and Defense of Others

- When deadly force reasonably appears to be necessary against a hostile person(s) to protect law enforcement or security personnel who reasonably believe themselves or others to be in imminent danger of death or serious bodily harm by

ADVANCED ESCORT

When to Use Deadly Force cont.

Serious Offenses Against Persons

- When deadly force reasonably appears to be necessary to prevent the commission of a serious crime that involves imminent danger of death or serious bodily harm.

ADVANCED ESCORT

When to Use Deadly Force cont.

Protect Public Health or Safety

- When deadly force reasonably appears to be necessary to prevent the destruction of public utilities or similar critical infrastructure vital to public health and safety, the damage to which, would create an imminent danger of death or serious bodily harm.

ADVANCED ESCORT

When to Use Deadly Force cont.

Escape

- Would pose an imminent danger of death or serious bodily harm to law enforcement, security personnel, or any other person

ADVANCED ESCORT

Policy

If physical force becomes necessary, it will be exercised according to the priorities of force and will be used as a last resort and then it will be limited to the minimum degree necessary to control the situation. If carrying a baton, chemical agents, or a firearm in the view of the public while performing escort duties, discretion must be used in an attempt to conceal these items. Under no circumstances will force be used as

ADVANCED ESCORT

Priorities of Force

1. Verbal Order – The first level of force available to prisoner escorts is the use of a verbal order. Prisoner/detainees who are acting contrary to service or Brig rules and regulations shall be given a direct order to correct their behavior

ADVANCED ESCORT

Priorities of Force Cont.

2. Show of Force – The physical presence of prisoner escort(s) or authority figure may be enough to control a prisoner disturbance. In the event of an escalation of an incident the solicitation of persons to project greater physical presence for assistance may be required.

ADVANCED ESCORT

Priorities of Force Cont.

3. Physical Force/Restraints – Physical force is justified to subdue unruly prisoner/detainees, to separate participants in a fight, in self-defense, or defense of other persons. It may also be employed to move prisoners/detainees who fail to comply with lawful orders. Escorts should make every attempt to avoid a physical altercation alone. Always ensure sufficient personnel are present to subdue the prisoner/detainee. Restraints are designed to prevent the commission of an offense by violent or unruly prisoners or detainees. Once restraints are applied, the prisoner will be placed under 100% control.

ADVANCED ESCORT

Priorities of Force Cont.

4. Chemical Agents (OC/CS) –The use of chemical agents (OC/CS only) may be authorized if the prisoner escort has been trained and certified by a certified chemical munitions instructor.

ADVANCED ESCORT

Priorities of Force Cont.

Chemical Agents (OC/CS) May Be Used Under The Following Conditions Only

- To prevent serious injury or loss of life.
- To prevent a prisoner confrontation.
- To prevent extensive, willful destruction of property.
- Individuals exposed to chemical agents will be examined by the medical staff.

ADVANCED ESCORT

Priorities of Force

5. Batons – Where authorized, batons may be used to separate brawling prisoner/detainees or to quell violence. Only baton qualified prisoner escorts will carry this weapon in the performance of their duties. Ensure that this training is documented and maintained on file within your organization.

ADVANCED ESCORT

Priorities of Force

6. Firearms - Only personnel qualified in their use and in situations where there is danger of death or serious bodily harm shall use firearms. Firearms shall not be discharged if less extreme measures will suffice.

ADVANCED ESCORT

Priorities of Force

6. Firearms cont. - Prisoner escorts may fire under the following circumstances:

- At a prisoner in the process of causing serious bodily harm or death.
- If the prisoner escorts have reason to believe they or others are in imminent danger of death or serious bodily harm.
- At a prisoner/detainee if there is no other way to prevent serious personal injury or death.

ADVANCED ESCORT

Medical

- After force has been used against a prisoner/detainee, medical authority or a Medical Doctor will examine the prisoner/detainee, as soon as possible. If injuries were suffered, immediate medical attention shall be given to both prisoner escorts and prisoner/detainees. Once the prisoner is controlled, contact the nearest military installation or local law enforcement agency and request pictures taken of the injured persons.

ADVANCED ESCORT

Notifications

- The Commanding Officer/Brig Officer in Charge will be immediately notified when any type of force is used. A “Disciplinary Report” and “Use of Force” document will be prepared by the person who employed the force.

ADVANCED ESCORT

Use of Force Statement Will Include The Following

- An account of the events leading to the use of force.
- An accurate and precise description of the incident and reasons for employing force.
